2024 # 27

PRINCIPAL'S MESSAGE

As we approach the end of February 2024, we find ourselves reflecting on the ongoing conflict in Gaza and the importance of excelling in our academic pursuits. The calamity war in Gaza has been a significant topic of discussion and concern for many around the world. As we continue to monitor the sombre situation, we also recognize the need to support and encourage one another in our daily lives.

The past few years have been challenging for students worldwide, with the COVID-19 pandemic and ongoing conflicts impacting our lives in various ways. Despite these difficulties, many of you have continued to excel in your studies and personal growth. Your dedication and resilience are commendable, and we are proud of the achievements you have made thus far.

Education is indispensable tool that enables us to grow, learn, and adapt to the ever-changing world around us. It is crucial to our personal and professional development, as well as to the betterment of society as a whole. As we navigate through the complexities of the current global landscape, it is more important than ever to prioritize our education and strive for excellence in our academic pursuits.

In times of crisis, it is essential to come together as a community and offer support to those in need. The war in Gaza has affected countless lives, and we encourage you to consider ways in which you can contribute to the relief efforts. Whether it be through donations, volunteering, or raising awareness, every action counts and can make a difference.

As we move forward into the future, we must remain hopeful and focused on creating a better world for all. Education plays a vital role in this process, and we must continue to work towards a brighter tomorrow. Let us use our knowledge and skills to make a positive impact on the world around us, and remember that we are stronger together.

Brother Daoud Kassabry, FSC
Principal

Recreational Activities

February 1, 2024

Recreational activities and events for pre-school and first grade classes. How beautiful they are when they play, how beautiful they are when they sing, life is ahead of them and the journey is long, we wish them a prosperous future.

Lasallian formation

February 1, 2024

As part of the school's plans to strengthen Lasallian knowledge and build a culture of peace and Lasallian belonging, the Formation Lasallian Committee organized a meeting with Brother Mark entitled "Lasallian Identity", in which the teachers of the secondary section participated. On this occasion, the school thanks Brother Mark for his cooperation and attendance from Bethlehem University

Artificial Intelligence Courses

February 3, 2024

The school organized a course in artificial intelligence under the supervision of Engineer Mohammed Maragha, where he presented websites related to artificial intelligence in educational process, special thanks to the trainer who entertained us with his valuable information.

A spiritual meeting for the Lasallian Mothers

February 1, 2024

A spiritual meeting with His Excellency Bishop William Shomali on the topic of Jesus' entry into the temple was attended by the Lasallian Mothers in the school, which started with the mothers' prayer and an introduction about mothers, their mission and their role in the school. On this occasion, we thank His Excellency the Bishop who shared his distinctive spirituality with us.

High Dental Hygiene for Kindergarten

February 3, 2024

The kids learned about the importance of keeping their teeth clean and how good and bad foods affect their teeth. Our teachers taught us the correct way to use toothpaste and toothbrushes, and we applied the event in kindergarten and enjoyed role-playing, acting and playing the role of a dentist. We sang the dentist's song together

Recognizing the letter "Sh" for preschoolers

February 3, 2024

We learned the letter "Sh", learned about words that include the letter, colored the sun with yellow and orange watercolors. The day was ended with a story through puppet theater, and ate strawberries, a winter fruit, and learned about its benefits and strengthening our immunity system from vitamin C.

First Grade Sports Class

February 3, 2024

We first graders love gym class, enjoy games and competitions, strengthen our muscles, learn the values of winning and losing, interact socially and communicate through teamwork and team play.

The Band "Rio and Mario"

February 7, 2024

The band "Rio and Mario" performed a very beautiful show that entertained the primary school students and presented them with educational situations to develop their behavioral and cognitive awareness.

Creative idea for learning, February 8, 2024

Our students are showcasing their entrepreneurial spirit by promoting their family businesses or chosen products to the class! From local treats to innovative services, they're sharing their passion and creativity with us.

Session at YMCA

February 10, 2024

Students of the eighth and seventh grades are following a course in technology at the YMCA, Mr. Fadi Sweidan received them and introduced them to the advantages of the YMCA and briefed them on the program and nature of the course, accompanied by Mr. Moussa Al-Ghoul and Mr. Murad Mansour.

The letter "H, h"

February 10, 2024

We were introduced the letter "H, h" (capital and small)

We also talked about body parts that start with the letter "H,h" like head, hair, and hand. This was our chance to talk about the opposites long and short to describe hair.

Birthday Celebrations

February 10, 2024

The kids celebrated the beautiful souls that were born in February both from tamhidi and 1st grade by gathering the two classes and wishing them a happy birthday

Under the title of

February 11, 2024

Despite the wounds ... Making Smiles ...Twelfth grade literary students. An interactive activity inside the school halls "morning breakfast" with the blessing of the school principal, Frere Daoud Kassabry, and the participation of the deputy principal for the secondary section, Mr. Issa Deeb, to express their love and belonging to the leading educational institution they loved and adored.

This activity was organised by the class educator, Mr. Ziad Qimri, who delivered a speech in which he expressed the pioneering role that their school wants them to assume and achieve in their future, which they deserve and their school, their administration and their parents deserve ... He wished them a distinguished social and educational life to be a bright beacon and a shining star in the sky of our city.

The MUN Club practicing "Press Conference ".

February 11, 2024

The Model United Nations (MUN) training session is an essential component of preparing students and professionals for international conferences. These sessions provide participants with the necessary skills and knowledge to effectively engage in diplomatic discussions, negotiate resolutions, and represent their assigned countries. In this session, our students learnt the five key aspects of a successful MUN training session for a conference press.

CARNAVAL

February 12, 2024

The primary section of our school is buzzing with excitement as we prepare for the annual carnival celebration! This is a much-anticipated event for our young students, and it's an excellent opportunity for them to engage in fun activities while learning about different cultures.

Extracurricular Activities

February 13, 2024

From the vision of the Frères Secondary School and its teaching staff concerning the importance of extracurricular activities in refining the personality of our dear students, enhancing their self-confidence and discharging negative energies in light of the difficult circumstances we live in, we decided to conduct an excellent educational activity for tenth grade B students under the supervision of the class educators Mr. Nabil Al-Maso and Mr. Tamer Zakkak from the school's educational guidance department, which included various activities and movement competitions.

Ash Wednesday

February 14, 2024

Celebrating Ash Wednesday, on the occasion of the start of the Great Lenten Lent The school celebrated the Holy Eucharist, and the Eucharist included the baptism of students as a sign of repentance, we thank Fathers Amjad Sabara, Father Ayman Batheesh and Father Khalil Maroun for presiding over these religious celebrations.

Charitable event for the Lasallian Mothers

February 14, 2024

To encourage students to fast, the Lasallian Mothers movement organized an activity to sell fasting food, which does not contain dairy products and meat, where the proceeds from this work go to help various social centers.

Extracurricular Activity February 17, 2024

As part of the extracurricular and extracurricular activities for the students of the secondary section, the educator of the tenth grade C, Mr. Mohd Khair, implemented an extracurricular activity that included a group breakfast in order to strengthen the bonds of familiarity and affection among the students, in addition to implementing physical activities with the help of the educational guidance and sports departments at the school.

Artificial Intelligence course February 17, 2024

After three weeks of participating in the Artificial Intelligence course for teachers, educator Ms. Mouna Hazou distributed certificates of participation to the teachers today. On this occasion we thank the teachers for their participation in this course.

Various experiments on scientific lessons

February 20, 2024

Believing in the importance of activating scientific laboratories in communicating various scientific concepts, fixing them in the minds of students, helping them to apply them in their daily lives, and preventing students from reaching the stage of boredom that may be due to the difficulty and complexity of some lessons, science teachers in the secondary section in its various branches applied various experiments on scientific lessons as needed in the laboratories with the help of the laboratory technician.

Academic Awareness

February 20, 2024

In line with the school's vision in university academic guidance and accompanying students in the early stages of their lives and determining their future and university specialization, academic awareness meetings were held today through Mr. Maysara Raman, Head of the Medical Imaging Department at Palestine Ahliya University, about admission criteria and university specializations for twelfth grade students. Brother Daoud Kasabri, the school principal, and Mr. Issa Deeb received him and expressed his readiness for joint cooperation in order to build joint educational programs. These meetings were coordinated through the school's counseling department.

Sports Activities

February 22, 2024

The seventh grade participated in various sports activities organized by the school. These activities not only promote physical fitness but also help students develop important life skills such as teamwork, discipline, and leadership.

Way of the Cross

February 23, 2024

Prayer Way of the Cross: Our school has actively engaged in the practice of the prayer way of the cross, a traditional Christian devotion that commemorates the events leading up to Jesus Christ's crucifixion. This spiritual practice involves meditating on fourteen stations that represent different moments during Christ's journey to Calvary. Students and staff come together to reflect on each station through prayers, readings, and contemplation, fostering a deeper connection to their faith and a profound understanding of the sacrifice made by Jesus.

Academic Guidance

February 24, 2024

A group of twelfth grade students participated in an open day for academic guidance to local universities at the YMCA hall. The participation came based on the close cooperation between Ruwwad Center for Higher Education in Jerusalem and Frères Secondary School in Jerusalem to provide the best ways and means to attract students and guide them in the right professional manner towards valuable future majors. It is noteworthy that there are follow-ups to provide consultations to all students individually in order to examine their desires and inclinations and provide the best services such as explaining about majors and universities in addition to providing scholarships for them. The students were accompanied by Mr. Tamer Zakkak in coordination with the school administration.

"White day" at school

February 26, 2024

What's brighter than the color white, we had a "white day" at school today. We enjoyed the white snow and crafted white snowmen and ended the day with drinking hot cocoa to warm ourselves in this cold weather. Thank you, my teachers

A fun-filled week of activities

February 27, 2024

Join us in the secondary section for a fun-filled week of activities! From science experiments to art workshops, there's something for everyone. Don't miss out on our sports day and talent show - it's going to be epic! Get ready to showcase your skills and make lasting memories with your classmates

Growing Lentils February 28, 2024

What better way to say goodbye to our unit about plants than growing lentils using plastic plates and cotton. We are going to observe their growing process while Spring shows up at our doorstep.

Education is our Passion

The Lasallian school would be known by its inclusive and familial relationships: students as siblings and mentors to each other and teachers as older siblings and mentors to their students.
